

## Electronics Drop Off Locations and Disposal Instructions for District Residents and Small Businesses

The **Electronics Recycling Program** will provide many convenient options for District residents and business to recycle and safely dispose of leftover paint when it launches in 2017. Information on new electronics drop off locations will be accessible through DOEE's website as they become available. This document provides information on existing electronics recycling and disposal options.

Electronics should not be discarded through weekly curbside collection of trash and mixed recyclables. Used electronics can be dropped off at the Fort Totten transfer station for recycling.

### Electronics Equipment & Related Products Accepted for Recycling at Fort Totten

Audio/visual equipment	Floppy drives / hard drives
Audio cassettes	Memory chips
Batteries*	Monitors
Camcorders	Network / video / sound cards
Carbon monoxide detectors	Pagers
CD Rom drives	Power supplies
CDs	Printers
Cell phones	Scrap computer plastic and metal
Computers	Smoke detectors
Connectors / cords / wires	Tape drives
Copy machines	TVs
DVDs	VCRs
DVD players	VCR tapes
Fax machines	Video games and software

\*To safely dispose of batteries with lithium or batteries of greater than 9 volts, put clear, masking or electrical tape on the batteries' terminals or sandwich the batteries between two layers of tape (e.g. flat button cells). These batteries should be placed in a container separate from other batteries that don't require being taped.

### Fort Totten Schedule and Directions

Fort Totten Transfer Station accepts used electronics for recycling on Saturdays from 8:00am to 3:00pm and on the Thursday before the first Saturday of the month from 1:00pm to 5:00pm.
